

STATE OF CALIFORNIA
THE RESOURCES AGENCY
STATE WATER RIGHTS BOARD

License for Diversion and Use of Water

APPLICATION 18356

PERMIT 11862

LICENSE 8143

THIS IS TO CERTIFY, That

United States - San Bernardino National Forest
175 West Fifth Street
San Bernardino, California

has made proof as of September 20, 1966,
(the date of inspection) to the satisfaction of the State Water Rights Board of a right to the use of the water of
Round Valley Spring in San Bernardino

tributary to Rattlesnake Creek thence to Johnson Valley

for the purpose of domestic and fire protection uses
under Permit 11862 of the Board and that the right to the use of this water has been perfected in
accordance with the laws of California, the Regulations of the Board and the permit terms; that the priority of
this right dates from October 1, 1958 and that the amount of water to which this right is
entitled and hereby confirmed is limited to the amount actually beneficially used for the stated purposes and shall
not exceed three hundred seventy-five (375) gallons per day for domestic purposes
or two thousand eight hundred eighty (2880) gallons per day total for domestic
and fire protection purposes to be diverted from January 1 to December 31 of
each year, provided however that nothing herein contained shall be construed as
confirming in licensee any right, which shall be good as against a subsequent
appropriator, to an amount for fire protection purposes in excess of what is
reasonably necessary to maintain an adequate reserve in storage except when there
exists an actual need thereof for fire fighting use.

THE POINT OF DIVERSION OF SUCH WATER IS LOCATED:

North 726 feet and east 2,772 feet from SW corner of Section 19, T2N, R3E, SBB&M,
being within SW $\frac{1}{4}$ of SE $\frac{1}{4}$ of said Section 19.

A DESCRIPTION OF THE LANDS OR THE PLACE WHERE SUCH WATER IS PUT TO BENEFICIAL USE IS AS FOLLOWS:

Within SW $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 19, T2N, R3E, SBB&M.

Licensee shall provide access for the public and wildlife to water from the source
should access to the source be obstructed by fences or other works. An overflow
pipe shall be provided by which the public and wildlife will have access to all
water not beneficially used by licensee.

2/20/67
KHF

Licensee shall allow representatives of the Board and other parties, as may be authorized from time to time by the Board, reasonable access to project works to determine compliance with the terms of this license.

All rights and privileges under this license including method of diversion, method of use and quantity of water diverted are subject to the continuing authority of the Board in accordance with law and in the interest of the public welfare to prevent waste, unreasonable use, unreasonable method of use or unreasonable method of diversion of said water.

Reports shall be filed promptly by licensee on appropriate forms which will be provided for the purpose from time to time by the Board.

The right hereby confirmed to the diversion and use of water is restricted to the point or points of diversion herein specified and to the lands or place of use herein described.

This license is granted and licensee accepts all rights herein confirmed subject to the following provisions of the Water Code:

Section 1625. Each license shall be in such form and contain such terms as may be prescribed by the Board.

Section 1626. All licenses shall be under the terms and conditions of this division (of the Water Code).

Section 1627. A license shall be effective for such time as the water actually appropriated under it is used for a useful and beneficial purpose in conformity with this division (of the Water Code) but no longer.

Section 1628. Every license shall include the enumeration of conditions therein which in substance shall include all of the provisions of this article and the statement that any appropriator of water to whom a license is issued takes the license subject to the conditions therein expressed.

Section 1629. Every licensee, if he accepts a license does so under the conditions precedent that no value whatsoever in excess of the actual amount paid to the State therefor shall at any time be assigned to or claimed for any license granted or issued under the provisions of this division (of the Water Code), or for any rights granted or acquired under the provisions of this division (of the Water Code), in respect to the regulation by any competent public authority of the services or the price of the services to be rendered by any licensee or by the holder of any rights granted or acquired under the provisions of this division (of the Water Code) or in respect to any valuation for purposes of sale to or purchase, whether through condemnation proceedings or otherwise, by the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State, of the rights and property of any licensee, or the possessor of any rights granted, issued, or acquired under the provisions of this division (of the Water Code).

Section 1630. At any time after the expiration of twenty years after the granting of a license, the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State shall have the right to purchase the works and property occupied and used under the license and the works built or constructed for the enjoyment of the rights granted under the license.

Section 1631. In the event that the State, or any city, city and county, municipal water district, irrigation district, lighting district, or political subdivision of the State so desiring to purchase and the owner of the works and property cannot agree upon the purchase price, the price shall be determined in such manner as is now or may hereafter be provided by law for determining the value of property taken in eminent domain proceedings.
